Application shall include a scale drawing showing the dimensions of the lot on which the fence is to be constructed, the position of fence in relation to adjacent streets, buildings, and property lines. Drawing shall show the exact location, height, length, and type of materials used in construction, method of installation and design of fence. Application shall include written consent of the owner of the property on which the fence will be erected if not the same as applicant. If the fence is to be erected on the property line, written consent of all adjacent owners is required.

Signature of Owner/Applicant
